<u>Audio Accommodations</u>

The Audio accommodation for CAL is designed to work only with the Cepstral David voice. To set up a computer to be used for testing with audio accommodation, the following needs to be done:

- Install the Cepstral David voice on only the computers to be used with audio accommodation
- Enable the Speech Feature as a part of the CAL Preferences.

Note: To use this feature, an Audio Accommodation must be available for the test the student is enrolled to take and the student must be marked for an audio accommodation in Student Editor via the Management Tools.

Below are the installation instructions for Windows and Mac OS X:
